Order on-line. Or ask your local supply.

Give them an early warning with Signal Filters™ real-time water-in-fuel detection!

- 1 Real-time water-in-fuel detection.
- 2 Custom & standard alert signals for every display.
- 3 ABYC Certified for mounting in any location.

A primary fuel filter combined with a WIF sensor is more than just an addition to your boat— it's an enhancement to the overall boating experience.

Signal Filters™ Smart Marine Fuel Filters are available for NMEA 2000 or analog wiring.

Keep your customers happy with:

- Fewer warranty issues
- Service before engine damage can occur
- Real time water-in-fuel sensing
